- Not required additional support to my child at this momentum.
- Interventions have been great.
- Although my son is not SEND, he receives emotional support which has really helped him develop socially
- It was the school that brought it to our attention in the first place.
- She attended Play therapy at the school (1on1) and has developed immensely afterwards.
- My child feels they can better support her with eyesight issue. A recent trip my child had difficulty seeing the stage in the theatre. They forget to take into account that she is partially sighted and is certified visually impaired. The dark room was an issue and the seating wasn't great according to my child.
- Mrs Lockhart and all our sons teachers have been outstanding throughout his schooling career so far.
- School has been responsive to a diagnosis of autism. Staff have communicated with us and our daughter well and put structures in place to support her.

- Supportive staff, updates on days struggling, access to items needs to calm as needed

19. Please use the space below if you would like to provide us with any additional feedback about Colerne Church of England Primary School.

- Class teachers are really supportive towards the childrens growth.
- A fabulous school, delivering a warm and nurturing learning environment and supporting our daughter to thrive and flourish. Thank you.
- I talk with many parents at other schools and there is no doubt that Colerne provides a special and unique school environment that always puts the children first.
- Colerne School is a wonderful place for children. The staff are all welcoming and Friendly, my son is really happy. Thank you to all for creating such a great place for children to learn and thrive in their journey through primary school.
- The very best school.
- The Scopay app will only show my one of my 3 children (all at the same school). I have hit a brick wall with this despite enquiring several times. The Seesaw app will not load any information since 2 years ago. The feed is blank yet says I'm up to date.
- Couldn't wish for a better environment for my children to learn.
- The amount of emails I receive is excessive. Sometimes it is 5+ per day and I become blind to them. I would prefer one consolidated email or newsletter with all key points listed.
- Parking is always a problem during school drop and pick off. Would be easier if we could stagger the timing to ease the traffic congestion.
- The teachers in my child's class have helped him transition well and have helped him settle well. They communicate well and take any concerns onboard.
- I heard great things about the school before my daughters joined and was a bit sceptical. However the school has lived up to those very high expectations and standards. A very very good school.
- Mr Solomon is the best headteacher in the whole world!! You can also see it amongst the staff. They are so kind, supportive and lovely.
- The communication about the kids experience can be sporadic and vague. We have found this to be true across different years and teachers. Obviously we understand

teachers are very busy but often we get partial information about things, or ask questions/for feedback that we are told will come back to us but don't. We still think the school does a great job and would recommend it.

- Colerne is an excellent school. The teachers are exceptional and extremely committed.
- This is our first experience of Colerne school and it has been incredibly positive so far. My child has settled really well and has not looked back since starting last year.
- We consider ourselves extremely fortunate to have this wonderful school for our children. We couldn't ask for better. Thank you.
- Colerne is a Great school, coming from a previous school where my children had a bad experience Colerne primary has turned round their primary school experience into a very positive one.
- Amazing! Can not fault in any way, I recommend to a friend when they moved and they have just started now
