

**Dan Grabham**

My wife and I came to Colerne in 2016 and we have two children at the school. I became a Foundation Governor in early 2022 and previously served on a Parochial Church Council (PCC) in Bath for eight years. We regularly attend church and regularly meet with other Christians in the village outside of church.

I enjoy working alongside others in a group and am passionate about furthering the aims and values that the school has and to support the staff in their work. There's always so much going on in Colerne!

I'm a journalist by trade and edit a magazine and website about consumer technology. I travel quite a bit for work but always enjoy coming back home to this part of the world!
